Depository System :

Trading in shares of the company is permitted only in dematerialised form. As such, we wish to advise members to arrange to dematerialise their shareholding in the company as Depository System weeds out several problems which are otherwise associated with the scrip-based system such as bad deliveries, fraudulent transfers, fake certificates, thefts in postal transit, delay in transfers, long settlement cycles, mutilation of share certificates, etc. At the same time, Depository System offers several advantages like exemption from stamp duty, elimination of the concept of market lot, elimination of bad deliveries, reduction in transaction costs, improved liquidity, etc.

For further information on matters relating to dematerialisation of shares, members may write to the Share Department of the company at Mumbai.
